

director: **Alfredo Borriello M.D.**

co-director: **Mario Pelleceravolo M.D.**

Preliminary Program

It's a two-day event that included workshops and networking time.

26 OCTOBER

8.00 – 8.30

Registration

8.30 – 8.45

Welcome and opening remarks: A. Borriello – M. Pelle Ceravolo

8.45 – 10.45

Panel: Rhinoplasty | (12 min)

President: F. D'Andrea | Moderators: P. Palma – V. Pucci

- Nose with nostrils defects | C. Martino
- Modern concepts in treating the crooked nose | M. Pascali
- Open vs closed: different techniques or evolutionary opportunity | R. d'Alessio
- Rhinoplasty: proportions and artistic insight | S. Bruschi
- Dome interruption: when, why and how | A. Scattolin
- Changing trends of tip aesthetics. Time for changing surgeon's paradigms? | P. Palma
- 5 " Key" Grafts in the secondary Rhinoplasty Surgery | A. Borriello
- Secondary short nose | S. Sciuto

Discussion (15 min)

Invited: F. Ciccarelli, A.Cuozzo, F. De Angelis, G. De Longis, G. Di Caprio, R. Grella, A.Nunziata, C. Pellegrini, A. Stanziola, G.P. Tartaro

10.45 – 11.00

director: **Alfredo Borriello M.D.**

co-director: **Mario Pelleceravolo M.D.**

Coffee Break

11.00 – 13.30

Panel: Principles of modern blefaroplasty. | (15 min)

President : G. Nicoletti | Moderators: M.Pelle Ceravolo – V. Cervelli

Keynote lecture:

Lower Blepharoplasty: Fat Preservation, Repositioning and Lateral Canthoplasty for Optimal Results | N. Celik (20 min)

- Tear trough: which are the options of treatments | G. Campiglio
 - How to prevent complication in lower eyelid blepharoplasty | F. Saccomanno
 - Correction of the eyelid retraction | F. Quaranta Leoni
 - The use of spacers in difficult and secondary blefaroplasty | M. Pelle Ceravolo
 - Surgical solution for upper blefaroplasty complication | N. Celik
 - Lower lid septal re-set-outcomes and complications over 2 decades | N. Mercer
- Discussion (20m)

Invited: V. Accardo, S. Brongo, L. Gagliardi, E. Grella, G. Noschese, C. Petroccione, L. Soreca, V. Volpe, M. Zamparelli

13.30 – 14.30

Lunch

14.30 - 16.45

Panel: Breast Augmentation. | (15 min)

President: F. Saccomanno Moderators: A. Paci – A. Borriello

Keynote lecture:

Composite approach in breast augmentation | A. Rancati (20 min)

- Breast augmentation: The problem of constricted poles | P. Berrino

director: **Alfredo Borriello M.D.**

co-director: **Mario Pelleceravolo M.D.**

- Is time to start re-thinking sub pectoral breast augmentation | F. Lista
 - Planning of the IMF in breast augmentation - the `ICE' principle | P. Mallucci
 - Useful tips to solve specific situations in breast augmentation | M. Pelle Ceravolo
 - Mastoplasty with “slip – sliding” technique in difficult cases | S. Bruschi
 - The importance of assessments and 3D simulation regarding breast augmentation | G. Fera
 - Inframammary fold: cutaneous.
 - Expansion index after breast augmentation | A. Santorelli
 - Textured breast implants - a voyage or storm seas | N. Mercer
- Discussion (15 min)

Invited: R. Eccellente, J. Grimaldi, F. Iazzetta, F. Lino, B. LoSapio, M. Ippolito, M.S. Scioli, P. Ziccardi

16.45 – 17.00

Coffee Break

17.00 - 19.00

Panel: Complications in mastoplasty. | (12 min)

President : R. D'Alessio - Moderators: S. Bruschi – G. Campiglio

Keynote Lecture:

Lemon Juice and Optimism Bias: How Surgeons Make Mistakes | F. Lista (20 min).

- Lower breast pole contour irregularities | M. Pelle Ceravolo
 - Capsular contracture: chapter completed | D. Spirito
 - Avoiding complications in breast augmentation. | P. Mallucci
 - Breast implant – explantation | A. Rancati
 - Secondary breast augmentation: the use of capsular flaps | P. Berrino
 - The use of T-loop mesh in secondary breast surgery. | V. Argenzio
 - Breast implants comparison: experience based clinical review on safety | M. Saturno
- Discussion (15 min)

director: **Alfredo Borriello M.D.**

co-director: **Mario Pelleceravolo M.D.**

Invited: A. Amato, A. Apolito, S. Marino, V. Minieri, R. Nunziata E. Pagnozzi, A. Romano, S. Ruiz

19.00

Opening ceremony

20.30

Faculty Dinner

27 OCTOBER

8.30 - 10.30

Panel: What works in facial rejuvenation. | (12 min)

President: A. Caggiati | Moderators: L. Piovano – C. Bernardi

- Photodynamic Therapy: treatment of the face and neck | P. Forgione
- Upper eyelid filling approach for eye rejuvenation | F. Romeo
- The frame model: a useful practical and artistic tool for periorbital aesthetics | A. Ghanem
- Refinements in cosmetic and reconstructive lipostructures: the natural ADSC enrichment | A. Caggiati
- Fat Grafting During Face Lift and Blepharoplasty: Principles and Arts | N. Celik
- Facial rejuvenation of the lower third with surgical RF | P. Rovatti
- The two side of resurfacing: laser erbium 1565 - laser Co2 1060nm | A. Rusciani
- Threads: from biostimulation to the traction. | L. Piovano
- Bidirectional threads with polylactic acid: characteristics and new techniques | R. Russo

Discussion (15 min)

Invited: V. Accardo, B. Castelli, A. Cuozzo, D. D'Angelo, V. Guerra, I. La Rusca.

10.30 – 10.45

Coffee Break

10.45 - 13.15

director: **Alfredo Borriello M.D.**

co-director: **Mario Pelleceravolo M.D.**

Panel: Critical elements and technique in facelift surgery. | (15 min)

Keynote lecture:

Facial danger zones in practice. Y. Saban (20 min).

President: P. Palombo Moderators: M. Pelle Ceravolo – F. Saccomanno

- Endomacslift: in double layer | P. Canta
 - Macs lift: advantages and limitations | A. Paci
 - Composite lifting : what's the innovations | D. Spirito
 - Facial lifting and retaining ligaments | S. Bruschi
 - Neck rejuvenation: conclusions after 35 years of cogitations | M. Pelle Ceravolo
 - Midface Lift: How to Make It Work | N.Celik
 - The Bi-Directional short and full scar facelift - outcomes and refinements over 2 decades | N. Mercer
- Discussion (20 min)

Invited: S. Ascione, F. Bevilacqua, G. Capone, C. D'Antonio, M. D'Antonio, A. Fonzone, S. Langella, S. Smeraglia.

13.15 - 14.15

Lunch

14.15 – 15.30

Video session: Face and breast | (10 min)

President: President: F. Pignatelli Moderators: A. Borriello – P. Canta

Partecipants: A. Rancati, C. Bernardi, F. Lista, Y. Saban, P. Palma, M. Pascali, D. Riitano

15.30 – 17.45

Panel: Mastopexy and reduction | (15 min)

President: C. Rubino Moderators: P. Berrino – A. Gubitosi

director: **Alfredo Borriello M.D.**

co-director: **Mario Pelleceravolo M.D.**

Keynote Lecture:

..... C. Stan (20 min)

- Additive mastopexy: progressive approach for a short scar | F. Saccomanno
- Maintaining long term upper pole fullness in mastoplasties | A. Rancati
- Personal Solutions for Ptotic Breasts | N. Celik
- The Mysteries of Mastopexy: How to Get it Right | F. Lista
- A cognitivistic approach to breast ptosis | M. Pelle Ceravolo
- Tuberos breast | R. D'Alessio
- Augmentation Mastopexy: are the Light weight Breast Implants the ultimate solution? | G. Crici

Discussion (15 min)

Invited: G. Aliberti, A. Cappelli, M. Ciliberti, G. Ferraro, M. Gioia, G. Pitruzzella, A. Rotondo, S. Rosso, G. Sposato

(Open coffee)

17.45 - 19.00

Round table: Hot topic in mastoplasty: Implants Texture, Late seroma, ALCL | (10 min)

Moderators: M. Pelle Ceravolo – A. Borriello

Partecipants : A. Rancati , P. Mallucci, F. Lista, N. Mercer, N. Celik, P. Berrino.

19.30

Closing remarks – Adjourn
